

ANUSHKA PANDA

csit student

ABOUT ME

Second-year CSIT student with hands-on experience in Java, Python, PHP, and SQL, focused on building practical web-based solutions. Passionate about problem-solving, backend logic, and collaborating in hackathons to develop impactful, real-world prototypes under tight deadlines.

EDUCATION

B.Tech, Computer Science Information Technology
ITER, Siksha 'O' Anusandhan
2024-2028

EXPERIENCE

Participant – Smart India Hackathon (2025)

- Collaborated in a team of 6 to design and develop a prototype within 24 hours
- Contributed to backend logic and database design
- Presented the solution to judges

PROJECTS

- Student Management System
 - Developed a CRUD-based web application using PHP and MySQL
 - Designed relational database schema and implemented SQL queries
 - Integrated frontend using HTML and JavaScript
- Expense Tracker (Python)
 - Built a command-line application to track categorized expenses
 - Implemented file handling for persistent data storage
 - Generated monthly summaries using structured data processing
